Dear families,

**Re: Government announcement on changes to COVID-19 measures**

The Government today announced changes to it's COVID-19 protection protocol. Within these changes was advice for schools.

Despite these changes, we are still following guidance set by the local Health Protection Hub and Public Health England. They will imminently be informing us of any local stepping up measures we may need to retain as a result of high cases within our locality. As a result, we will be retaining our current protocol until this guidance has been received.

Once we have received this guidance, I will write to families to inform you of the changes we will be implementing.

Yours sincerely,

Ben Morgan  
Acting Principal
