Dear Year 9 X-half families,

**Re: Another positive Covid-19 case has been identified. Your child is a close contact and needs to isolate.**

We have just been alerted that another student in the year 9 Y-half has been tested positive using two lateral flow devices. They have a PCR test booked to confirm the result, but it is likely that this will come back positive too, as with the previous cases this week.

**Your child has been identified as a close contact and will now need to isolate.**

The dates of isolation are:

**10 days starting from the 30<sup>th</sup> April 2021 until the 9<sup>th</sup> May 2021 (out of isolation on Monday 10<sup>th</sup> May 2021)**

We thank you in advance for your understanding and will update you should this change. As a reminder, please book your child in for a PCR laboratory test as soon as possible and email us at the following email address if the result is positive:
