# Focussing on Careers Information Using Start Profile

As part of the Careers Information, Advice and Guidance programme at Burton Borough School, we aim to give students as many experiences and opportunities to enable them to make informed decisions in the future. This year sees the implementation of the Gatsby Benchmarks, by the Government, to standardise advice for our young people. We have introduced our students to an online platform to help them gain relevant information relating to post 16 courses, apprenticeships and general careers information.

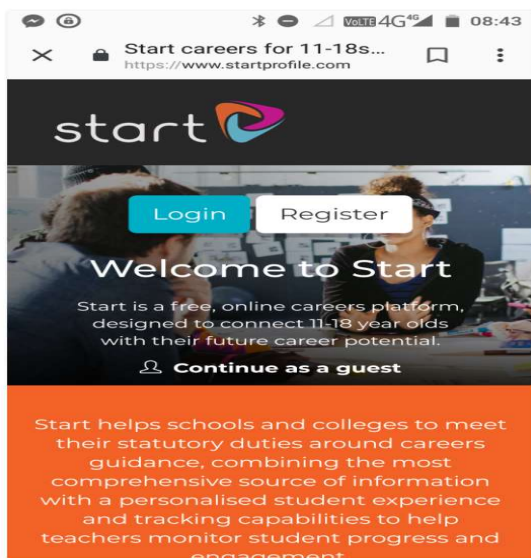

- This platform can be accessed via PC or mobile device at:

<https://login.startprofile.com/Login.aspx>

Students and Family members can register for an account free of charge.

If you require further information, please contact Lisa Kane, our careers lead, on: [lisa.kane@taw.org.uk](mailto:lisa.kane@taw.org.uk)

## **Instructions for Registering**

Go to the website and click on register.

In your profile section you will find career related activities. You can also add more details about you and search for career sectors that interest you.

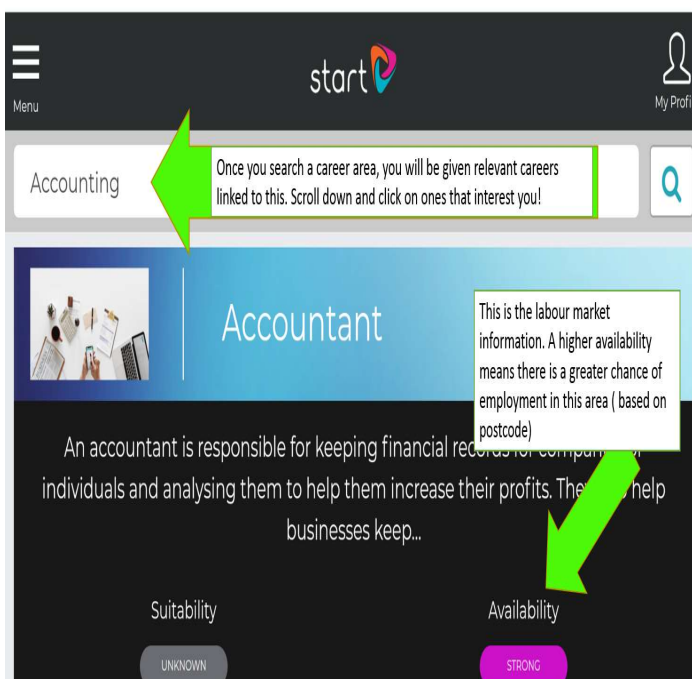

Also in your profile section you have a locker to store documents. This can be things like exam certificates, CV's, work experience records, photographs, achievements, references etc.

You can also set and review goals

The Menu section can take you to information about courses and employment available to you. It allows you to search for post 16 studies in any area of your choice. It also links to live apprenticeships and employment opportunities.

The search feature provides general careers and labour market information as well as a link to live vacancies.

If you have completed additional information in your profile it will also show how suitable the career is to you based on skills and qualities.
